Overview

Archive-It Basic gives users access to the same set of tools and features as our Archive-It Pro service but does not include unlimited user and technical support. Archive-It Basic is available at a significant discount for mission-aligned, volunteer-driven, or small organizations with financial constraints. The service is best for those looking to archive small, simple websites, online documents or media, or social media accounts infrequently and without technical support.

An Archive-It Basic subscription allows for continuous collecting throughout a calendar year and can be renewed annually.

Features

Tools
A powerful, easy-to-use web application to manage and automate archiving tasks using specialized tools to collect websites, webpages, files, and social media feeds.
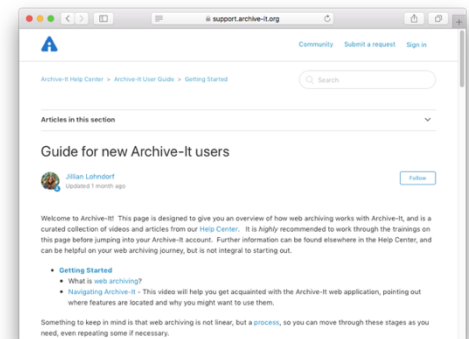

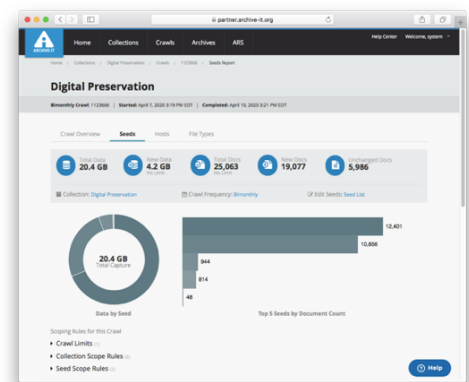

Storage
Multiple copies of your archived data are stored securely at the Internet Archive's independently owned data centers and are available for download at any time.

Access
Share your collections publicly archive-it.org, the Wayback Machine, or privately with select users. Archive-It also has tools for integrating archives with live websites or external online collections.

Support
Users have unlimited access to an extensive, online knowledge center with in-depth tutorials, walkthroughs, user forums, and training videos.

Archive-It Basic Pricing

- $500 yearly for 128 GB data archived
- $800 yearly for 256 GB data archived
